Join an organization

Hugging Face is way more fun with friends and colleagues!

Being part of an organization lets you:

- ✍ Show your university, lab or company work to the Hugging Face community
- 🔒 Collaborate on private datasets, models and spaces
- 🌟 Subscribe to a paid plan and use Hugging Face hosted training and inference services

3. In the member settings enable inviting users by sharing a link with default role write

The screenshot shows the Hugging Face organization settings page for the organization 'Internet with a Brain' (username: web31u). The left sidebar contains navigation links: Profile, Account, Members (selected), Billing, Access Tokens, Regions (Enterprise), SSO (Enterprise), Audit Log (Enterprise), Resource Groups (Enterprise), and Advanced Security (Enterprise). At the bottom of the sidebar is a link to 'Upgrade to Enterprise'. The main content area is titled 'Members' and includes a 'Join settings' section with the following options:

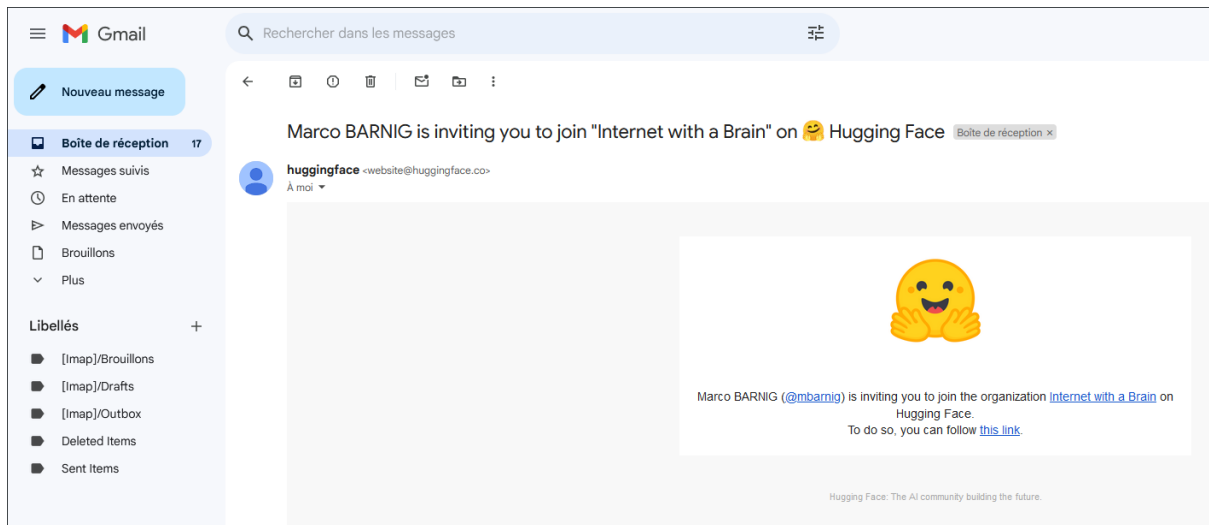

- ☒ **Enable inviting users by sharing a link**: Anyone with the link will be able to join your org - Toggling off and on will regenerate the link. (Email link button)
- ☐ **Allow requests to join from the organization page**: A button will be visible on your org page allowing anyone to request to join.
- ☐ **Automatically approve join requests**: For open organizations: anyone will be able to join your org without any approval.

Below the settings is a dropdown for 'Default role for new members' set to 'write'. A note states: 'New members of the organization will be assigned this role. [Visit the documentation](#) for more details.'

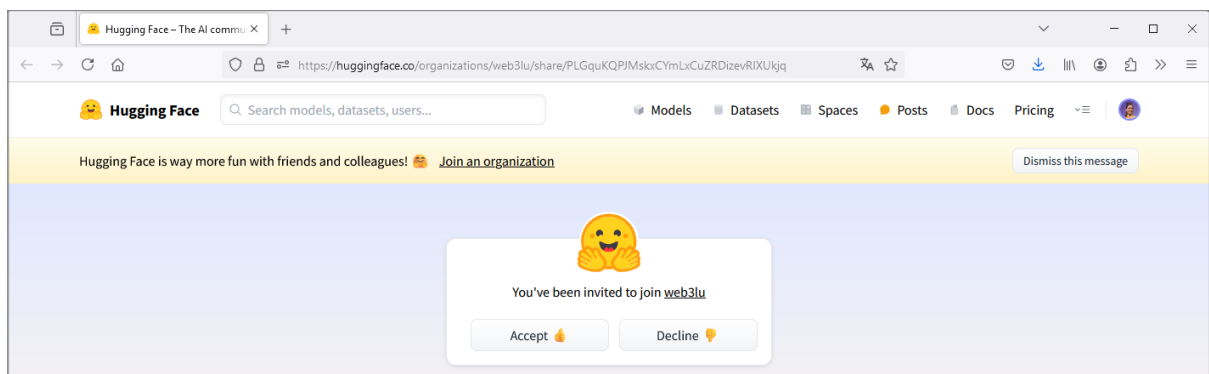

At the bottom, there is a section for 'Organization Members (1)' with an 'Add new member' button and a 'Filter by username' search bar. A table lists the current member:

User	Role	2FA Status	Email Status
Marco B... mbaznig	ADMIN	-	-

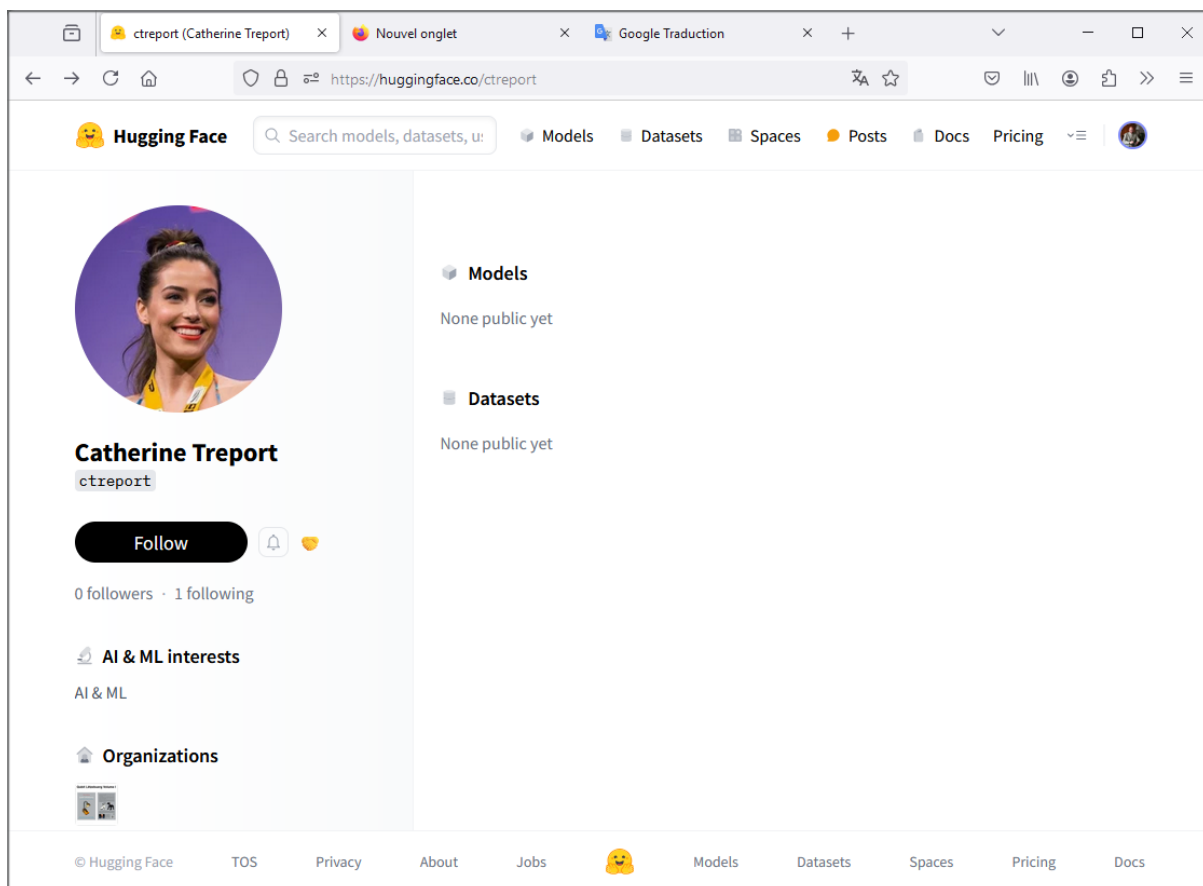

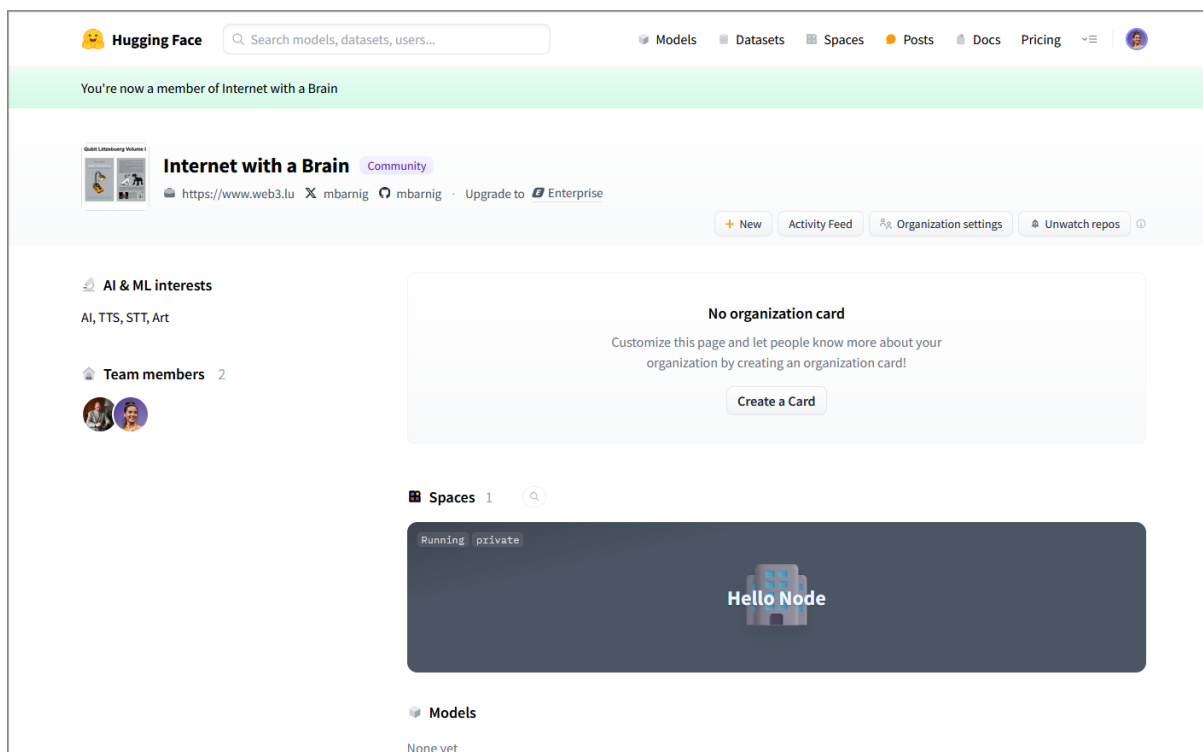

4. Send me an invitation email link to join the organisation to allow me to duplicate my repos into the organisation account

5. I will accept the invitation and proceed with the duplication of the selected repos

6. I will be added in the list of the organization members like Catherine

7. At any time you can cancel my membership in your organization
